SUMMARY

Electronics and Communication Engineering student with beginner-level skills in Java and backend development. Hands-on project experience in software and IoT systems, eager to learn and contribute in real-world applications.

SKILL SET

Programming: Programming in JAVA, Python

Database: MySQL

Backend: REST APIs (Basics)

Web : HTML, CSS, JavaScript (Basics)

Tools: GitHub

ECE Core: IoT System, Embedded System using C

INTERNSHIP

Jan -2024

Engineering Intern — ITI Limited (Indian Telephone Industries Ltd.) Govt. of India PSU, Bangalore

- Gained exposure to telecommunication systems, OFC networks, and switching systems.
- Assisted in testing, troubleshooting, and quality assurance of communication hardware.
- Worked with technical documentation, safety standards, and industrial workflows.
- Developed strong problem-solving and system-level understanding applicable to IT roles.

PROJECT

IoT-Driven Smart Parking System

Developed an automated parking solution using RFID and IoT sensors for vehicle detection, secure barrier control, token-based entry, QR-enabled payments, and real-time parking fee calculation

Student Management System Using JAVA

Designed an easy-to-use console interface to manage records efficiently using Java and OOP concepts and Improved reliability by handling errors gracefully and validating user inputs.

CineMatch – Movie Search & Recommendation

Built with HTML, CSS, and JavaScript, this sleek app uses the TMDB API for instant movie results with posters. Integrated with Appwrite to track search history and suggest a personalized Top 5 "Must Watch" list

EDUCATION

Bachelor of Engineering in Electronics and Communication Engineering

Velammal College of Engineering and Technology, Viraganoor

2022- 2026

CGPA : 8.17

Higher Secondary Education

Velammal Matric.Hr.Sec.School, Madurai

2022

Percentage: 68.5 %

CERTIFICATION

R Program Training Certification — INFOSYS

Python Programming — SSI Education

Programming in JAVA — SSI Education

Credential
